David,

You and your team are Rock Stars! Our event in Hawaii was a huge success thanks to you, your staff and the Rock and Roll Fantasy Camp counselors. Working with your team was a pleasure from pre-production all the way through on-site execution. Your flexibility was greatly appreciated while we were in the midst of our changes during the planning process.

Your counselors were fantastic! They were incredibly gracious and patient with our guests as they hosted the afternoon rehearsal sessions. Our campers varied in talent level but you'd never know it by the way they were welcomed into each band.

The evening "battle of the bands" went off without a hitch. Each band stormed the stage with rock star confidence and persona that instantly captured the attention of the audience. Then to top it off, the counselor All-Star jam session brought to life many recognizable songs that kept the group screaming well into the night.

I can't say enough about my experience with the Rock and Roll Fantasy Camp as a producer and as a fan – I couldn't have imagined it going any better!

Rock On!

Gary Vlk
