*Thank you for inquiring about Rock 'n' Roll Fantasy Camp!*

Our next camp will take place February 2010 in Hollywood, CA. We have two camp options in February: a 5 ½ day program February 23-28 and a 3 ½ day program February 25-28. May 25-30, 2010 Rock 'n' Roll Fantasy Camp will head back to London and Abbey Road Studios for a six day camp.

Our camp is a truly unique, once in a lifetime opportunity for campers to jam, record, and perform with the best artists in rock and roll. ## Camper Testimonials

I just wanted to take moment and write you a note about this year's LA camp. Bravo! Teddy is a natural born counselor, because he loves people, is funny, unbelievably talented, and is aptly named, because he is a big teddy bear. He takes away the fear of failure. That's a very important thing if you want to realize your fantasy. You will never make a mistake by including him in your counselor staff. I love Spike Edney. He's going to be great in London. And Paul Stanley is a class act, all the way. He has single handedly made me a KISS fan. He treated us like rock stars, and performed as though he felt honored to be playing with us. So, to put it succinctly, good job, good job, good job.

**Debbie R. – 6 time camper**

I just wanted to drop someone a line to say what an incredible experience Rock 'n' Roll Fantasy Camp was for me and my "band". Most people thought I was insane for spending the money but after all is said and done, I think it was the best money I've ever spent. For 5 days I thought about but nothing but rockin' out and havin' a good time. The staff was also incredible. Thank you!

**Mike M. – LA Camper**

---

It is now a week since I am back from the camp and actually, I am not really back yet. Still on my cloud and don't really want to come down...It has been an awesome adventure and an unbelievable experience. Everything was beyond my expectations. I had a wonderful time with my Global Kin band-mates and will remember it for a long time (at least till the next camp) which I hope to attend sometime next year...You guys were fantastic. My counselors Teddy, with whom I had a fantastic time, taught me a lot! Thank you again!

**Pierre P. – LA Camper**

---

I want to mention how great of an experience the band had at Rock Camp November 2009. The experience is truly every musician's dream!!! The moment you arrive you feel the positive energy and excitement for what's about to happen. It would all be overwhelming, but your entire staff makes you feel so relaxed and comfortable, you feel you belong there. The amazing attention to details allows for an absolute genuine rock star experience. You are all amazing talents and first class individuals. Thank you for the opportunity and experience of a lifetime.

**Steve P. – 2 time camper**

---

I am writing to say **thank you** for **everything**. Mark had an absolutely AMAZING time. He works so hard for our family and this was a gift for him from me. He is still beaming from everything he learned and everyone he met. Rami is a fabulous counselor!! Mark had an absolute blast. I can't say enough great things.....

**Jill G. – wife of a LA camper**

---

Your ability to accommodate us as a group of five was outstanding. We really learned a great deal about our own musical work process. The food was great, the transportation was great, the staff were outstanding. Not enough wonderful things can be said about the camp counselors (especially ours, Simon Kirke): they were friendly, available, approachable, knowledgeable, articulate, etc. etc.etc. And the celebrity guests were outstanding....Hearing Brian Wilson & Co. do "God Only Knows" brought tears to our eyes, as if angels had descended from heaven to bless us. My ears may still be ringing a bit, but my feet have not yet touched the ground.

**Ed O. – 5 time camper**

---

"It was the best experience I have ever had. Thank you so much for letting me attend the Dallas camp. Your staff is absolutely incredible and I felt very comfortable being there. Mark Hudson and Glen Hughes were my counselors and I

was teamed up with great camper musicians. The songs were great and we rocked. I have never enjoyed myself as much as I did last night and I am planning on attending future shows. My wife was so impressed that she wants to attend and sing in the future.

I have nothing but great admiration for the camp and the experience. Being able to play with accomplished musicians and perform on stage and have a DVD to retain is a dream come true for me. Best of luck in future endeavors and thank you again for making a dream come true."

**Michael G. - Dallas Camper**

---

"I would first like to thank you and your organization for the incredible experience that I had at the recent Rock-n-roll fantasy camp in Orlando, Florida. I have only been playing guitar for a little over a month and I have had virtually no formal training. In spite of this, my counselors had me on stage playing right alongside them while having the time of my life!

But perhaps the greatest part of the whole experience was seeing how down to earth and genuine all of the counselors were in their love of music and eagerness to make sure that every camper had a good time. In short, each and every one of the counselors was nothing less than a true ambassador of goodwill and kindness from the world of rock music. This alone made the whole experience truly priceless.

I would also like to convey a special thanks to my counselors, Chris Slade and Glen Hughes. I have always been a huge fan of their music and I will be forever grateful for the day that I got to spend with them. These guys were the best! Thanks again, this was truly one of the greatest experiences I have ever had!"

Best Regards

**Art G. - Orlando Camper**

"I wanted to take this opportunity to say thank you for making my R N R experience most memorable. Over the past week since the NYC camp, I had an opportunity to collect my thoughts to express my appreciation for such a great product.

As we get older, we sometimes forget about what defines us as individuals. With children, work, etc., it is very easy to forget about past passions. This is okay, being a parent and paying the bills do come first. But for one day, I was able to remember that music has been the MOST instrumental intangible that has shaped my life. (other than personal relationships).

Meeting all of the artists was something I'll always remember, but what I most enjoyed are the bonds that I shared with my fellow campers. I met a lot of great people from different backgrounds who in total created this great aura. The entire day was truly a day to remember.

From the bottom of my heart, I would like to thank everyone for making this the 4th greatest day of my life (2 children, wedding, Game 7 1994 Rangers Cup at MSG, no specific order)."

**Jon A. - NY Camper**

---

Wow... I will never forget the recording sessions, the camaraderie and creativity. I have felt sappy a few times, and it hit me hard on the plane ride home... thinking about our jam with Jack Bruce, and having the unbelievable experience to perform "White Room" with the actual MAN that helped create that iconic moment in music history. Awe, I can't tell how much that made me appreciate the experience even more... because I had actually forgotten how it felt to play that song... from so long ago. I thank you all for the experience, the friendship, and the help in recapturing the memories of my most treasured musical moments as a young and fearless teenager in Chicago.

**Ed J. - London Camper**

---

"I attended the Atlanta camp last Wednesday & just wanted to drop you a quick note to tell you how much I enjoyed it. It was a life changing experience, the culmination of an almost 30 year dream. The "counselors" were all so accommodating, taking all the pictures & signing all the autographs we asked for. They all treated us like we were their best friends. The memories I've taken with me will last a lifetime. I was in a band with Gilby Clarke, Kip Winger & Elliott Easton. I learned something from each one of these great musicians. I never dreamed that I would have the opportunity to play in a band with the musicians I grew up listening to & admiring.

Thank you for providing me the opportunity to "live out my dreams". I will never forget it."
